

States with The Crop Production Along with Season (Text Table)

Taking forward the previous plot we will be fetching the state name and showing it in a text table whenever different crops are chosen.

The image displays two screenshots of the IBM Cognos Analytics interface, illustrating the steps to create a text table showing crop production data by state and season.

Top Screenshot: The interface shows the 'crop_production.csv' data source. A filter is applied to 'Crop', and 'Blackgram' is selected. The main view displays a table titled 'State_Name and Crop' with the following data:

Crop	State_Name
Blackgram	Assam
Blackgram	Bihar
Blackgram	Kerala
Blackgram	Nagaland

Bottom Screenshot: The interface shows the 'crop_production.csv' data source. A filter is applied to 'Crop', and 'Blackgram' is selected. The main view displays a table titled 'Season and Crop' with the following data:

Crop	Season
Blackgram	Kharif
Blackgram	Rabi
Blackgram	Whole Year
