I can access the dashboard of mine

The screenshot displays the Jira Software interface for a project named "Estimate the Crop Yield using Data Analytics". The top navigation bar includes "Jira Software", "Your work", "Projects", "Filters", "Dashboards", "People", "More", and a "Create" button. A search bar is also present. The left sidebar contains navigation options: "Estimate the Crop Yield..." (Software project), "PLANNING" (Roadmap, Backlog, Board), and "DEVELOPMENT" (Code, Project pages, Add shortcut, Project settings). The "Board" option is highlighted. The main content area shows the "All sprints" view. It includes a search bar, a "Complete sprint" button, and a "GROUP BY" dropdown set to "None". The board is divided into three columns: "TO DO", "IN PROGRESS 4 ISSUES", and "DONE". The "IN PROGRESS" column contains two issues: "As a user, I can extract Data" (DATA EXTRACT) and "As a user, I can log into the application by entering email & password" (LOGIN). The "DONE" column shows "Sprint progress" at 100% and "Sprint burndown" information. The "Sprint progress" section indicates that 100% of the sprint is done. The "Sprint burndown" section shows that the sprint is on track to be completed by the end of the sprint.
